Fall Caribbean Cruise *Nov 10th to 15th, 2008*

5-Nt Western Caribbean Cruise aboard the
Royal Caribbean Enchantment of the Seas

Experience the relaxation of a cruise as you visit some of the most wonderful destinations in the Caribbean including Key West, Cozumel and Belize City.

2008 Western Caribbean

Visit fascinating places, enjoy the warmth and the sunshine of the Caribbean, but return to the luxury of our beautiful cruise ship each evening.

Your cruise package includes 5 night cruise in a luxurious stateroom, all shipboard meals and entertainment, complimentary 24-hr room service and full casino.

Our tour begins with a stop to the southernmost point in the United States, Key West. This funky port town is best described as a very casual, friendly, off-beat community.

Gingerbread mansions and historic architectural treasures blend with boutique stores, art galleries, museums, sidewalk cafes, open-air bars and legendary pubs.

Cozumel is a small island off the east coast of Mexico in the Caribbean Sea. It is the proverbial fishing village in paradise with all of the creature comforts that anyone could want. A short drive brings you to jungles, pristine beaches or Mayan Ruins.

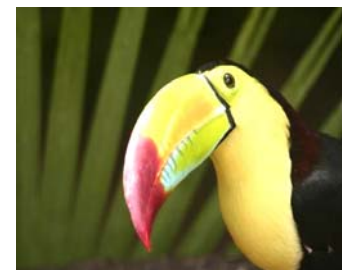

Belize City, a bustling metropolis with heavy traffic and a busy population. Many folks tend to head out to the nearby islands to enjoy excellent diving and snorkeling.

Finally, you will enjoy a day at sea before returning home.

Tour Highlights
